The Lake County Sheriff's Office had the privilege of co-hosting a Sex Trafficking Investigations Course instructed on 02/11/2019. We would like to thank the following partners: Salish & Kootenai College for the use of their beautiful facility which provided the perfect learning environment, SKC training Coordinators, Drew Hanson and Terri Cordier for their commitment in Continuing Education and their dedication for community safety, instructors Katharina Werner and Detective Guy Baker for sharing their wealth of knowledge in their professional presentations, and all of the many criminal justice professionals who attended which included many law enforcement officers from across the state, probation officers, social service professionals, attorneys, and more. Thanks also to the many members of our community who attended the public forum following the training. This workshop has provided our community with a better understanding of the sex trafficking problem which exists in Montana and even here in Lake County. With the collaborated efforts of those who attended we work jointly to make our community a safer place.

Respectfully,
